
Sitter while on vacation

Posted by usmom - 2008/04/19 06:18

I am from the U.S. and am looking to hire someone to help me with my two children while my family and I are on vacation in Barcelona.

I would like to hear from people interested, but more important...I would like to hear from families what the going rate in Barcelona is for childcare.

Thanks!

Hello there,

I could be available for all your babysitting needs during this summer.

My name is Laurence (female ;)) and I am a mum myself, and held a private kindergarten for three years, for expats children in Brussels.

I can send you some references from US families.

Don't hesitate to write me if you have any question.

I am 26 years old and have been babysitting in Barcelona for the past five years and would be available this summer. I usually charge around 8 to 10 euros an hour depending on the area of Barcelona and number of children. My e-mail address is birchnatalie@hotmail.com.
