## SMOKE FREE restaurants and tapas bars ...

Hello,

I am not enjoying that much going out to eat in Barcelona as there are not that many smoke free places to go to! So, I would like to start hunting for 'smoke free restaurants and tapas bars' and why not list these somewhere visible to everybody, as I may not be the only one longing for smoke free areas for the kids.

Any recommendations for good smoke free restaurants in Barcelona? We enjoy good food, and our little one behaves in restaurants, so we are not looking for 'child friendly' restaurants ... the criteria are really 'SMOKE FREE' and 'GOOD FOOD'

Thanks ;-)
